

Mike The Monarch
Another Invader is RIP

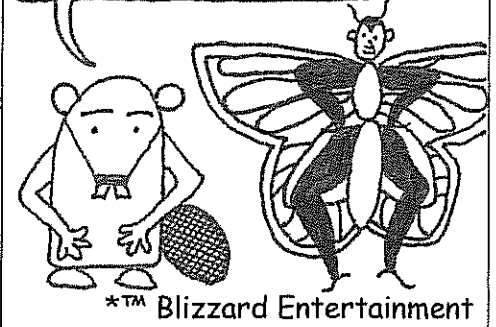

Mike, what are we after next?

Today we tackle the evil RCG!

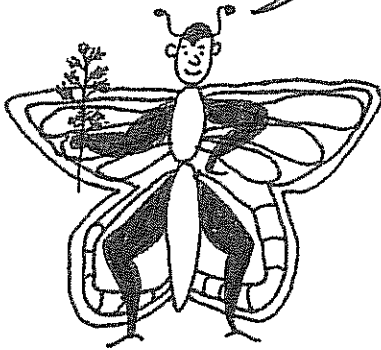

RPG? A role playing game like World of Warcraft? Wow!*

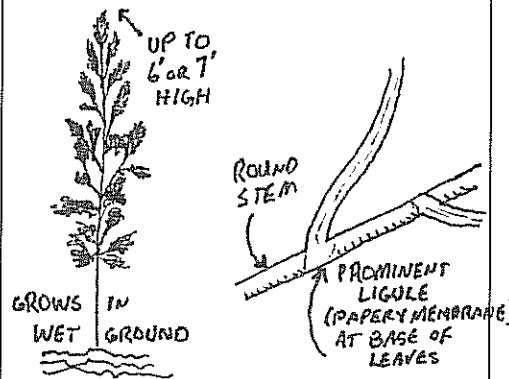

*TM Blizzard Entertainment

No, RCG—Reed Canary Grass!

Know Your Enemy:

Can we burn it?

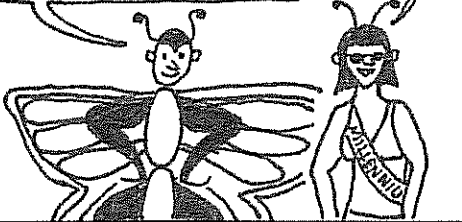

No, it's a grass—it grows right back!

We have to cut the heads off.

Will you devastate them?

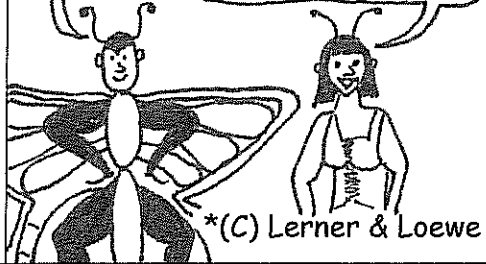

We'll decapitate them!

You'll disconnect them?

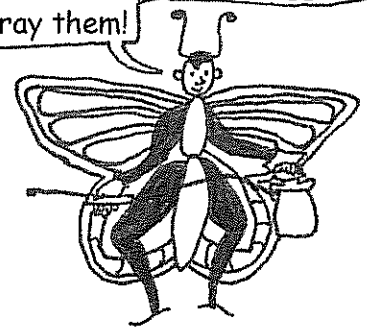

We'll vivisect them!

Then you may take me to the fair!*

*(C) Lerner & Loewe

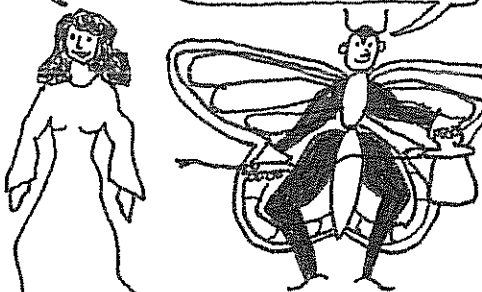

Then we round up* the stragglers and spray them!

*Roundup (TM) Monsanto Co.

You'll open-wide them?

We'll herbicide them!

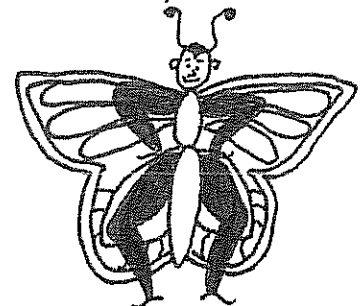

When we're through, we plant seeds of native plants.

Let's plant four score and seven acres*

RCG is DOA, thanks to MTM!*
